

Why

"THE INTERNATIONAL OMBUDSMAN"?

Considering the more and more complex and articulate system of the Public Administration (international, national and territorial), many citizens don't know to whom they may apply for the protection of a right or to be helped in case of need.

THE INTERNATIONAL OMBUDSMAN is the **AUXILIARY HELPER** for every citizen of all over the world:

- both where the Ombudsman was appointed and where not yet;
- both in the specific case of maladministration and as a promoter of necessary administrative reforms for the citizen's protection.

What is "THE INTERNATIONAL OMBUDSMAN"?

The International Ombudsman is a collective body made up of Ombudsmen, to whom any citizens can apply for any case of maladministration. The International Ombudsman will send the case to the local competent Ombudsman, otherwise it will act directly. The International Ombudsman promotes the Ombudsman institution in every country. The International Ombudsman, whose members are only Ombudsmen, co-operates with every institution involved in the citizen's protection. The International Ombudsman safeguards the "Ombudsman" denomination
